Education

- **Master of Computer Application** 2023 - 2025
Teerthanker Mahaveer University, Moradabad, UP CGPA: 8.85
- **Post Graduation Diploma in Computer Application** 2021 - 2023
Makhanlal Chaturvedi University, Bhind, MP CGPA: 8.03

Experience

- **Software Engineer Intern** November 2024 - Present
InFeedo AI
 - Built and maintained core backend systems for Amber, an chatbot that drives real-time employee engagement.
 - Developed and optimized RESTful APIs using Node.js and Express.js for efficient data handling.
 - Designed and integrated a unified ID tracking mechanism across microservices to maintain traceability.
 - Designed and managed MySQL databases, optimizing queries for better performance.
 - Used Git for version control, ensuring smooth collaboration and code management.
 - Developed frontend components using React, enhancing user interaction and aligning with platform-wide designs.
 - Implemented a centralized error logging and alerting system that pushes detailed error messages from microservices.
 - **Technologies:** Node.js, Express.js, Express.js, MySQL, Git, RESTful API, React.js, TypeScript, JavaScript.
- **Full Stack Developer Intern** August - October 2024
Correct Steps Consultancy
 - Assisted in developing and maintaining web applications, contributing to various stages of the project.
 - Collaborated with cross-functional teams to ensure seamless integration and functionality across various features
 - Conducted research and development to explore innovative solutions and optimize application performance.
 - Managed project timelines to ensure the timely delivery of high-quality software.
 - **Technologies:** MERN Stack, Project Management, Research and Development

Projects

- **Tour Management Application** April 2024
MERN APPLICATION
 - **Seamless Tour Booking Platform :** TravelWorld is a JavaScript-based platform for hassle-free tour bookings on desktop and mobile.
 - **User Authentication and Profile Management :** Secure login and profile updates for personalized experiences.
 - **Tour Listings and Search :** Browse and search tours with images, descriptions, and filters.
 - **Responsive Design :** Ensures smooth usage across various devices.
 - **Technologies used :** Reactjs, Nodejs, MongoDB, Mongoose

Technical Skills and Interests

Languages: Python, TypeScript, JavaScript, HTML/CSS

Frameworks/Librabries: NodeJs, ExpressJs, ReactJs, Prisma, Hono, Tailwind CSS

Databases: MongoDB, MySQL, PostgreSQL

Areas of Interest: Data Structures and Algorithms(Python), OOPS, DBMS

Achievements

- 5 Star Coder on HackerRank
- GeeksforGeeks programmer 1200+ problems solved
- Certified Frontend Developer (ReactJS) by HackerRank
- Certified in Python by HackerRank.
